## VICTORY

Perches Proudly on the Democratic Banner.

New York and Virginia Roll Up Old Time Majorities,

While the Republican Strongholds Have Dwindled to a Decidedly Doubtful Point.

### NEW YORK.

The Figures are Nearly Official.

By Telegram to The Sentinel.

New York, N. Y., Nov. 4.—Complete and corrected returns from the city of Brooklyn and Kings county make Hill's majority in that county 8,687.

Very few returns from the interior of the state have been received this morning, but everything indicates that Hill's majority will be between 12,000 and 15,000. The senate and assembly will both be strongly republican.

BUFFALO, N. Y., Nov. 4.—Davenport's majority in Erie county incomplete is 2,142. The remaining districts to be heard from may increase it to 2,500. McMillan, the republican, for state senator is elected by 1,500 majority. The republicans elect three members of the assembly and the democrats two. This is a gain of one assemblyman for the republicans.

NEW YORK, Nov. 4.—The Evening Post places Hill's majority in the state at 12,158 and the state's next legislature will be composed of twenty-one republicans and eleven democrats in senate, and seventy-eight republicans and fifty democrats in the assembly.

### PRESS OPINIONS ON NEW YORK.

New York, Nov. 4.—The World says: "The democratic victory means that the democrats of New York are once more united. Thousands of democrats who last year were repelled by doubts of Mr. Cleveland's democracy and the republican journals that supported him, have returned to the fold. They have returned to the party almost entirely for the reason that Governor Hill was known to be a true, genuine, old-fashioned democrat, who enjoyed the opposition of the mugwumps and did not enjoy the favor of Cleveland. The hope of the election is that its lesson will be understood and heeded at Washington. Farewell, mugwumps; farewell."

The Times says the election of Hill was distinctly reactionary. The step must be admitted, but it was a step taken in consequence of the follies and blunders, worse than follies, of the leaders of the party opposing him, and not through an incurable adherence to bad political theories and methods. The triumph of the candidate of the president's enemies in the most important state in the union will immeasurably increase the spoils seeking crowd.

New York, November 3.—Seventy-five out of 112 precincts in New York

City give Hill, 10,191; Davenport, 8,889; Jones, 10,072; Carr, 8,535.

NEW YORK, November 3.—One hundred and seventeen election districts outside of New York and Kings county, give Davenport 24,725; Hill 19,880; Bascom 1213; net Democratic gain, 1009.

ALBANY, November 3.—Albany county estimated from meagre returns give Hill 2,000 majority, as against 746 for Cleveland last year.

The Herald bulletin says superintendent Campbell estimates Hill's majority in Kings county at 10,000.

The Herald further says if the Democratic gain in the last two hundred districts outside New York city continues throughout the state, Hill's majority will reach 28,000.

NEW YORK, November 3.—One hundred and fifty-six election districts outside of New York and Kings counties, give Davenport 32,958; Hill 26,613; Bascom 1,699; net Democratic gain of 1,510.

The Tribune estimates Hill's plurality at 10,000.

Five hundred and twelve election districts and wards outside of New York and Kings counties, show net Democratic gain of 2,982.

NEW YORK, November 3.—In an editorial headed, "The president holds his own state," the Tribune says: "The Democrats retain New York. Gov. Hill has been elected by a figure so handsome as to make the beggarly plurality which the state gave President Cleveland, almost invisible. The return of voters, whom Mr. Blaine's candidacy alienated, did not make good to the Republican party the loss this year of the voters whom that candidate attracted. In fact the gain does not seem to have equaled one-third or one-fourth of loss. The stay-at-home voters decided the matter. The vote was light. The Republicans who did not take the trouble to vote, out numbered the Democrats. A very much smaller vote than was cast for Mr. Blaine, would have been sufficient to bury Mr. Hill, but the Republicans were not aroused enough to cast such a vote."

NEW YORK, November 3.—Eight hundred and one election districts and wards outside of New York and Kings counties, give net Democratic gain of 3,594.

The World makes the following estimate of the legislature: Senate, Republicans, 18; Democrats, 15; assembly, Republicans, 70; Democrats, 58. The present senate stands: Republicans, 19; Democrats, 13; assembly, Republicans, 73; Democrats, 55.

The Sun says editorially: The foolish pretense of the mugwump organs that the success of the Democrats in this election would be inimical to Mr. Cleveland, was spurned by the Democratic voters of the state. They were too sensible to be deceived by such nonsense.

### In Virginia.

RICHMOND, Va., Nov. 4.—Additional returns do not change the indications telegraphed last night as to General Lee's majority reaching 25,000 and it may go to 30,000. As to the legislature, sufficient returns have been received to show that the democrats already have sixty-two of the one hundred members of the house of delegates and twenty-three of the forty member of the senate. The republicans, have sixteen members of the house and eleven senators. The counties yet to be heard from will increase the democratic membership to a two-thirds majority in both houses.

RICHMOND, Va., Nov. 4.—The returns from one half of the state shows net democratic gain of 7,358. The counties and cities to be heard from gave Blaine 3,000 majority. Later reports from Rockingham county state that the vote is very close, with indications somewhat in favor of the democrats.

PETERSBURG, November 3.—The Republicans carry the city by 600 majority. A dispatch to General Mahone says Sussex county is solid for the Republicans. The following has just been received:

RICHMOND, Va., November 3. General Mahone: A very quiet and orderly election in Richmond. Large vote polled. About 250 of our voters left out in Jackson ward, but I think we have held our own.

JOHN S. WISE. ALEXANDRIA, November 3.—Alexandria City gives Lee 604 majority.

LYNCHBURG, November 3.—This city gives Lee a majority of 380, a gain over last year of 215.

PETERSBURG, November 3.—The secretary of the Republican committee at Lynchburg telegraphs that 256 colored voters were left in line, in the third ward there, when the polls closed.

WINCHESTER, Va., November 3.—Winchester gives Lee 15 majority. A Democratic gain of 98 over presidential vote of last year.

STAUNTON, Va., November 3.—Staunton and the three adjoining precincts give Lee 158 majority. Republican gain of 42.

ALEXANDRIA, Va., November 3.—Reports received at Democratic headquarters here indicate the election of the Democratic candidates to the legislature in Fairfax and Portsmouth districts.

RICHMOND, Va., November 3.—Returns from Virginia continue to show large Democratic gains over Cleveland's vote. Lee's majority is estimated at 15,000. The Democrats claim majority in both houses of the legislature.

ALEXANDRIA, November 3.—The Gazette says the returns from all parts of the state, show Democratic gains and indicate that Lee's majority will reach 20,000. Already five or six accessions have been made to the Democratic side of the house of delegates and no losses are reported to the chairman.

PETERSBURG, Va., November 3.—A dispatch from Norfolk to General Mahone says: The enemy claim 300 majority. Gross miscount and two precincts were thrown out in the fourth ward.

NORFOLK, Va., November 3.—Hodges, Republican, is elected by 444 majority in Portsmouth City and Norfolk county Senatorial district, which was represented in the last legislature by John Callahan, anti-Mahone.

General Mahone received the following from Portsmouth, Va.: The city

gone Democratic by 600 majority. Norfolk 300 Democratic. Big chance for a contest. At this hour (11 p. m.) General Mahone sums up the situation as follows: The Democrats have carried the state and legislature ticket by the unscrupulous use of the election machinery over which they have absolute control and which was provided by their last usurping legislature, with this end in view.

PETERSBURG, November 4.—The following was received at Republican headquarters at 1:30 this a. m.:

NORFOLK, Va., November 4. To General Mahone:

Lee has 306 majority in Norfolk, by false counts and a freeze out in the Fourth ward. At Republican headquarters here, General Lee's majority is estimated at 10,000 to 12,000.

RICHMOND, Va., November 3.—Returns from 320 precincts, including the City of Richmond, show net Democratic gain of 7,612. Calculating the rest of the state on the same ratio of gains, Lee's majority will approximate 23,000.

The indications at 1 a. m. are that the Democrats will have two-thirds of the senate and sixty out of the hundred members of the house of delegates. Hon. John S. Wise concedes a Democratic victory.

### In Iowa.

DES MOINES, Iowa, Nov. 4.—The definite returns from sixty-five counties and partial from all of them, make the republican majority between twelve and thirteen thousand and give republicans sixty-one members out of the hundred in the house and thirty-two of fifty senators.

DES MOINES, Iowa, Nov. 4.—The republican state committee claim the state for governor by 12,000 and twenty-four majority in the legislature on joint-ballot with several districts in doubt which they will not concede to fusionists. The democratic state committee claim from private dispatches received by them that the state ticket is in doubt and if the same ratio of gains, as already indicated in their private dispatches continues, they have carried the state for Whiting. They claim to have carried the house and have a majority on the joint ballot, with the senate in doubt. Four hundred and forty precincts show a republican net gain of 1,474.

The Register has returns from two-thirds of the state. It puts the republican majority on the state ticket at 14,000. Its returns show the republicans will have fifty-six of the hundred members of the house and thirty of the fifty members of the senate.

DES MOINES, Iowa, Nov. 4.—The chairman of the democratic state committee says: "We are hopeful of carrying the state, as Whiting runs far ahead of the ticket. We have elected ten democratic senators certain, with seven in doubt, and forty members of the lower house, while the republicans have thirty-nine, with twenty-one districts in doubt."

DES MOINES, Iowa, November 3.—Heavy vote polled; everything quiet.

DES MOINES, Iowa, November 3.—One hundred and twenty-five precincts show a net Republican gain of sixty. First ten precincts show a net Republican gain of 217.

DES MOINES, Iowa, November 3.—Estimates at Republican headquarters, based on returns received up to 11:15 a. m. gives the Republic majority on state ticket, at from 17,000 to 20,000.

### In Pennsylvania.

PHILADELPHIA, Pa., Nov. 4.—It can be estimated that Quay, republican, for the state treasurer has a majority of at least 35,000. All changes in figures show republican gains over the majorities telegraphed last night.

PHILADELPHIA, November 3.—The entire Republican ticket is elected. Republican for state treasurer has 12,000.

PHILADELPHIA, November 3.—Estimated Republican majority in Massachusetts 25,000 and 652 districts in New York city, give Davenport, 25,000 Hill 113,824.

PHILADELPHIA, Pa., November 3.—Election day very quiet. Weather clear and cold with a gusty wind blowing. The only state office to be filled was state treasurer. Matthew Stanley Quay was the Republican and Conrad B. Day the Democratic candidate.

Barr Spangler ran on the Prohibition ticket and William D. Whitney as the Greenback labor nominee. Last year Blaine had a plurality of 81,000, and in 1883, when the last state treasurer was chosen, the Republican candidate was elected by a majority of 2,000. Comparisons may be made with the vote of 1883. The interest in Philadelphia county election centered on the contest for sheriff, Edward Rowan being the Republican and Dallas Sanders the Democratic candidate. Rowan was opposed by citizens committee of one hundred, (which has been so prominent in local politics for some years) on the ground that he was a representative of "machine" politics. Rowan in 1879 was defeated for sheriff by Wright, Democrat, by 7264 votes, although the Hays electors on the same day received 15,000 majority.

PITTSBURG, November 3.—At 1 a. m. careful estimates place Quay's majority for state treasurer, in Allegheny county, at 9,000. The entire Republican county ticket is elected.

PHILADELPHIA, Pa., November 3.—It is estimated that Pennsylvania will give a Republican majority of between 25,000 and 30,000.

PHILADELPHIA, November 3.—A special to the Times from Trenton, New Jersey, says, the election in this state, has resulted in a substantial victory for the Republicans. The only issue was the legislature, in both branches of which the Democrats will be again

in a minority. The best estimates tonight, give the Republicans thirteen votes in the next senate, to nine Democrats, and in the assembly thirty-three Republicans to twenty-seven Democrats.

### In Maryland.

BALTIMORE, Nov. 4.—The democratic majorities in this city range from 10,000 to 19,000, the highest being for the state comptroller; the lowest for sheriff. The returns from the counties continue to come in, but do not change the result indicated last night. Frederick county, the republican stronghold of the state, is conceded having elected the entire democratic ticket, as has also Anne Arundel, which was thought doubtful. The legislature will be nearly two-thirds democratic.

PETERSBURG, November 4.—The following was received at Republican headquarters at 1:30 this a. m.:

NORFOLK, Va., November 4. To General Mahone:

Lee has 306 majority in Norfolk, by false counts and a freeze out in the Fourth ward. At Republican headquarters here, General Lee's majority is estimated at 10,000 to 12,000.

RICHMOND, Va., November 3.—Returns from 320 precincts, including the City of Richmond, show net Democratic gain of 7,612. Calculating the rest of the state on the same ratio of gains, Lee's majority will approximate 23,000.

The indications at 1 a. m. are that the Democrats will have two-thirds of the senate and sixty out of the hundred members of the house of delegates. Hon. John S. Wise concedes a Democratic victory.

### In Colorado.

The upper house stands nine democrats to two republicans and the lower house is tied.

### At Chicago.

CHICAGO, Ill., Nov. 4.—The new election law has been adapted by a majority of from 13,000 to 14,000. Benjamin D. Magruder, a non-partisan candidate for a vacancy on the supreme bench received nearly all the votes cast. Gwynn Garnett, a republican candidate for judge of the supreme court has about 5,000 majority over Hynes, a democrat. Two republican and two democratic county commissioners were elected.

### In Massachusetts.

BOSTON, November 3.—Ten scattering towns in this state show net Democratic gain over 1883 of 150.

Twenty cities and towns in Massachusetts, outside of Boston, give net Democratic gain of 205.

Fifty cities and towns in Massachusetts, outside of Boston, give a net Democratic gain of 210.

BOSTON, November 3.—The following is the total vote of Boston for governor: Prince, 22,802; Robinson, 18,486; Sumner, 238.

The returns indicate the election of 28 Republican and 11 Democratic senators, being a Democratic gain of 6 over last year; the house will probably stand 157 Republicans to 72 Democrats and 6 Independents, making slight Democratic gain in the house.

HARTFORD, Conn., November 3.—With four towns to hear from, the lower house of the legislature will have seventeen Republican majority.

### Mississippi.

JACKSON, Miss., November 3.—The election passed off quietly. A light vote was polled. No opposition to the regular Democratic ticket.

### Nebraska.

LINCOLN, NEB., November 3.—Estimated Republican majority in the state is 11,800.

### The Teas are Better.

WASHINGTON, Nov. 4.—United States Consul Patton, at Osaka and Hiogo, Japan, reports to the department, that the quality of teas exported to the United States during the present season is much superior to those of any former season and prices have correspondingly advanced. The improvement, Mr. Patton says, is due in a large measure to the efforts of the central government of Japan to prevent the adulteration of tea.

### Drowned.

AUGUSTA, Ga., Nov. 4.—John Hallen, manager of the Southern Telegraph company, of this place, was drowned yesterday while bathing.

### An Election Casualty.

New York, Nov. 4.—A special from Utica says that while the vote was being counted in the Rome station house last night, the place took fire and two persons lost their lives.

# COMMON SENSE IN LAFAYETTE.

Lafayette, Ind., shares with twenty-three other cities and towns in the United States, the distinction of being named after the great French patriot who did so much for this country and who is alone in the honor of being mentioned in the Encyclopedia Britannica. Life in the lively pushing city on the Wabash, with its many cosy homes, fine public buildings and general air of prosperity and enterprise, is very pleasant, and recently many of its citizens feel that it has assumed new charms since rheumatism has been robbed of its terrors.

This great benefaction, however, is not one which rejoices this particular Lafayette alone, but it has been given to other Lafayette as well, and to the world. Athlophoros is the magic remedy which drives away rheumatism and neuralgia, and Lafayette has only shown its characteristic enterprise in recognizing the new cure's many virtues. Among those whom it has benefited is Mrs. Francis Heath, of No. 79 Ferry street, an old resident and the mother of banker Heath. In answer to one who recently called on her to learn the facts in the case she gave this account:

"I have had rheumatic pains in my feet for a number of years. They affected me at times so that it was with much difficulty that I could walk, especially in going down stairs. Athlophoros was first recommended to me by Bishop Bowman. I did not get it at that time, but kept trying other medicines. It was again recommended to me by a lady. I then sent for and bought a bottle. I took a dose, and it seemed to me as if I could feel it go through my system until it came directly to the sore spot. It felt just as a little stream of water looks when during its course it comes in contact with a pebble. One or the other must give way. The water may run around the stone, but that was not the way Athlophoros did. It did not go around the pain, but drove it away. The relief was almost instantaneous. While I am getting along in years and cannot expect to get rid entirely of these pains at once, yet a small dose of Athlophoros in a little cream—the way in which I find most pleasant to take it—relieves the pain immediately."

Mr. Baldridge, who is in the real estate and insurance business at No. 94 South Third street, and who lives at No. 17 North Sixth street, happening to be passing while Mrs. Heath was speaking, he called him in and he gladly told how he had been cured of rheumatism by Athlophoros.

"I was just about to start down to my office one morning last winter," he said, "when a terrible pain took me right in the hip and then ran down the sciatic nerve as quick as lightning. It was with much pain and distress that I managed to get down to my office at all. My business being such that it was necessary for me to be at the office every day, I was obliged to hobble along and get there the best I could. I suffered for some time in this way, trying all kinds of remedies, but nothing seemed to check the disease until I commenced using Athlophoros. The first four doses gave me relief. I only used one bottle, and am perfectly well, as you see me now. I have never had any return of the pain since I took the Athlophoros."

If you cannot get ATHLOPHOROS of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. But if you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us, as directed, ATHLOPHOROS CO., 112 Wall Street, New York.

OFFICIAL PAPER COUNTY AND CITY.

WEDNESDAY, NOV. 4, 1885.

Wasn't it a Waterloo?

Who cares for Ohio now?

EVEN Billy Mahone is under the avalanche.

It is a pity John Sherman did not wait a month.

The mugwumps did not carry New York this time.

The democrats have canceled all orders for Thanksgiving crow.

The returns come like surprise parties—unexpected but welcome.

HON. JOHN KELLY is going to Mexico, after a short time spent in Florida.

PRESIDENT CLEVELAND is right and the people returned him a vote of thanks yesterday.

JOHN SHERMAN will now return from Virginia and Mr. Foraker is at home from New York.

The president issued his Thanksgiving proclamation in time. Democrats have a few more things to be thankful for now.

ST. PETER'S cathedral, just finished at Moscow, has five cupolas and 900 pounds of gold were used in overlaying them. The doors of the temple cost \$310,000 and the marble floors \$1,500,000.

FRANCOIS PAUL JULES GHEVY, president of the French republic, is now in his seventy-eighth year. In the assembly, when a deputy, he always voted with the extreme left. He is now regarded as a conservative republican.

MARK TWAIN'S story of the man who went to Washington in a coach and four after an office, and went home on foot without the office, is repeated in the experience of an applicant for the Spanish mission, who, after hanging around the capital for seven months, has had the expenses of his homeward journey defrayed by a subscription among those who pitied him.

The civil service commission is now a unanimous body of one member, Dr. Gregory being the only one left. He is supposed to be engaged in solving Dun-Deary's problem of "How can a bird flock by himself?" The latest information is that Colonel Trenholm, of South Carolina, and Hon. A. P. Edgerton, of Indiana, will soon be appointed the democratic members of the board.

The ignorance of the French-Canadians in allowing small-pox to spread and prevent people from entering Montreal is likely to cost that city dearly. A great thing for Montreal has been its winter carnival, and as this attraction is to be abandoned in the Canadian city for the winter of 1886, Burlington, Vt., proposes to capture it. Appropriations have been made, a street of the city given up to coasting, and steps taken for rivaling the attractions offered to midwinter visitors to the city on the St. Lawrence. It is never safe to leave a chance for a good speculation open within reaching distance of the Vermont Yankee.

On a farm at Pottstown, Pa., rabbits girdled a lot of young apple-trees some years ago. In two cases of choice fruit the owner undertook to save the trees. The young shoots which usually spring up from below the "girdle" were allowed to grow long enough to reach the sound bark above the "girdle," and then inserted under the bark, after the manner of inoculating trees, and securely tied. They grew and nourished the main stem of the tree above, and now, after some years, the trees rest entirely upon their inserted supports and are as vigorous as any in the orchard. One of these trees has five of these "legs," which have now by growth become almost consolidated. The other tree has seven, all entirely distinct as yet, but growing closer. The old stem below the insertion is dead and decayed in the one tree, and in the other it is entirely gone, and they look as if steady.

# A Crucial Period.

That we are passing through a critical period of Christian thought, a re-examination of our doctrinal statements in the light of larger knowledge and methods more severely critical than ever before will hardly be doubted by any one. The only real difficulty which besets us is the heedless or indifferent teaching of the past. We have not distinguished as we ought to have done between the faith that lays hold on Christ and the assent that does not touch the spiritual nature; between religion and theology; that which we verify in the soul's experience and that which satisfies mental inquiry. One who has felt the transforming influence of the Holy Spirit in his soul is not easily moved by theological or scientific speculation.

The Power of Prayer.

"Praying always." (Eph. vi. 18). The soul of man is like a kindled brand; so long as the air breathes on it, it will retain till the last its genial warmth and crimson glow; but let the air stagnate around it, and flake on flake, the white ashes will gather over it, and the fire will die away within it, and under those ashes it will be left black and charred, a cold and useless log. What the breath of wind is to the glowing brand, that prayer is to the soul. Let the man or the woman live a prayerless life, and all the light, and the fire, and the glow, all the wisdom, and generosity and love will die away from it, because these are the result of grace above; and covered with the dead, white embers of its own selfishness and pride, it, too, will be cold, and dead, and hard—a useless thing, half consumed with impotence and sin.

Speak Wise Words.

Never be heard using slang. Let exclamations, and expletives, and words which are akin to swearing, alone. Let your conversation be always chaste. Do not be afraid to converse with your friends upon religious subjects. Speak cheerfully and naturally when referring to sacred things. The great John Bunyan, who said upon his death-bed, "Let thy heart be without words rather than thy words without heart," was led to Christ through a godly conversation. He was working in the street, and overheard four women, sitting upon a door-step, talking about a "new birth." He saw they were happy, and possessed something of which he knew nothing, and, questioning them, was led to their pastor. He was persuaded to start in the narrow way in Pilgrim's Progress.

A Boy's Religion.

If a boy is a lover of the Lord Jesus Christ, though he can't lead a prayer-meeting, or be a church officer, or a preacher, he can be a godly boy in a boy's way, and in a boy's place. He ought not to be too solemn, or too quiet for a boy. He need not cease to be a boy because he is a Christian. He ought to run, jump, play, climb, and yell like a real boy. But in all he ought to be free from vulgarity and profanity. He ought to eschew tobacco in every form, and have a horror for intoxicating drinks. He ought to be peaceable, gentle, merciful, generous. He ought to take the part of small boys against large boys. He ought to discourage fighting. He ought to refuse to be a party to mischief, to persecution, to deceit. And above all things, he ought now and then to show his colors. He need not always be interrupting a game to say that he is a Christian, but he ought not to be ashamed to say that he refuses to do something because it is wrong and wicked, or because he fears God, or is a Christian. He ought to take no part in the ridicule of sacred things, but meet the ridicule of others with the bold statement that for the things of God he feels the deepest reverence.—*Royal Road.*

Napoleon's Talk About Jesus Christ.

Before General Grant died, his tribute to the Bible was published in all the newspapers. This has caused a demand for Napoleon's famous talk concerning Jesus Christ. "I know men," said Napoleon, at St. Helena, to Count de Montholon. "I know men, and I tell you that Jesus is not a man! The religion of Christ is a mystery which subsists by its own force, and proceeds from a mind which is not a human mind. We find in it a marked individuality, which originated a train of words and actions unknown before. Jesus is not a philosopher, for his proofs are miracles, and from the first his disciples adored him. Alexander, Caesar, Charlemagne, and myself founded empires; but on what foundation did we rest the creatures of our genius? Upon force. But Jesus Christ founded an empire upon love; and at this hour millions of men would die for him. I die before my time, and my body will be given back to the earth to become food for worms. Such is the fate of him who has been called the great Napoleon. What an abyss between my deep misery and the eternal kingdom of Christ, which is proclaimed, loved, adored, and is still extending over the whole earth!" Then, turning to General Bertrand, the Emperor added: "If you do not perceive that Jesus Christ is God, I did wrong in appointing you a General."

Hood's Sarsaparilla, aching through the blood, reaches every part of the system, and in this way positively cures catarrh.

# Muskrat Trap.

Charles H. Starr, of Preston, Hamilton County, Ohio, gives the following simple, practical, and efficient trap for this purpose: Take a barrel containing both heads, nail a strip of board across each end near the center, and projecting far enough so that strips running lengthwise of the barrel may be nailed on them, and form a platform around the barrel. Bore a number of small holes in each end of the barrel below the strips; the strips will prevent its sinking too low and getting too full of water. Now cut an aquare hole 6x6 inches in what will be the top of the flour barrel, set it afloat on your pond and bait with apples, carrots, parsnips, or anything the rats like. They will go in after it and cannot get out. The trap is always set, need be looked after only at your pleasure, and is easily shifted from point to point.

## Swift's Specific!

Is nature's own remedy, made from roots gathered from the forests of Georgia. The method by which it was made was obtained by a half breed from the Creek Indians who inhabited a certain portion of Georgia, which was communicated to one of the early settlers, and thus the formula has been handed down to the present day. The above cure represents the method of manufacture twenty years ago, by Mr. C. T. Swift, one of the present proprietors. The demand has been gradually increasing until a \$100,000 laboratory is now necessary to supply the trade. A foreign demand has been created, and enlarged facilities will be necessary to meet it. Sensational Suit Against A Distiller.  
By Telegram to The Bureau.  
LOUISVILLE, Ky., November 3.—A sensational suit, charging wholesale fraud against Richard Monarch, a well known distiller and property owner of Owensboro, was filed in the United States court this afternoon. The style of the suit is "Simon J. Flanagan and wife, Virginia Magale, Jas. L. Magale and Lillian Magale, vs. Richard Monarch, Jno Callaghan and the Daviess county distillery company," and the petition in the suit states that plaintiffs entered into partnership with Monarch at two different times and that Monarch by transferring the deeds of the old firm to the new one and crediting himself personally therefor, defrauded the members of the original firm to the extent of a large sum. The case is very complicated, numerous fraudulent proceedings against the firm, being charged. The whole amount said to have been obtained by Monarch, is upwards of \$500,000.

### Foreign News.

By Cable to The Bureau.  
RANGOON, November 3.—Advices from Mandalay, the capital of Burmah, state the queen of Burmah, who exercises great influence over her husband, is envious and her majesty declares that fighting and the smell of gunpowder will be injurious to her health. She advises King Thebaw to temporarily submit to the demands of the British government and fight after her confinement, as it is very important that there shall be an heir to the Burmese throne. England has no suitable candidate for succession, both of the present claimants being very unacceptable owing to their profligate habits. It is believed therefore that the government of Burmah will answer the ultimatum of the Indian government in an evasive manner, in order to secure time for the accomplishment of her majesty.

CATARH.  
Is a very prevalent and exceedingly disagreeable disease, liable, if neglected, to develop into serious consumption. Being a constitutional disease, it requires a constitutional remedy like Hood's Sarsaparilla, which acting through the blood reaches every part of the system, effecting a radical and permanent cure of catarrh in even its most severe forms. Made only by C. I. Hood & Co., Lowell, Mass.

NEW YORK, November 3.—The Tribune to-day published, in fac simile an agreement, signed by the president and secretary of the typographical union, No. 1, undertaking to withdraw the boycott, which that body has been exercising toward the Tribune. Afterward the union repudiated this action.

ROCKFORD, Illinois, November 3.—Judge Eustace has overruled the motion to amend the injunction in the Galena railway suits and dissolved the injunction. This allows the new Chicago, Burlington & Northern to build its line as proposed at Galena, without further hindrance and defeats the attempt of the North Western to stop it.

SAN FRANCISCO, CAL., November 3.—Another large land suit on an old Mexican grant is about to be brought before the United States court. The suit will involve the title to a large slice in this city, and county, valued at not less than \$10,000,000. The claimant is John K. Moore, who claims to have bought it from a Mexican, who held the title from the Mexican government.

THE huge performing elephant, Empress, lately killed a watchman in the winter quarters of Forepaugh's circus in Philadelphia, completing, so far, a tally of three men killed and more than a dozen men and women wounded. Commenting upon which the Brooklyn Eagle calls attention to two facts. Empress, with this record of victims, was a performing elephant; Jumbo, whose docility and very good nature was a proverb, so far as American experience of him went, was not. These facts entirely coincide with the scientific fact that the elephantine brain, which is practically non-convoluted, is not adapted to the comprehension of the sort of tricks exhibited in the circus. This again is proved by the extraordinary difficulty experienced in educating an animal noted for its almost human intelligence in some directions above a line of conduct wholly foreign to its nature. It is an established fact that in such directions as road building, engineering, and even attack and defense the elephant's sagacity shows itself spontaneously; on the other hand, in the range of circus tricks only the most atrocious cruelty can succeed in teaching the animal. Perfected education is continuously practiced; the whole nervous system is deranged and a memory of the wrongs endured and sufferings inflicted may well tend to establish a misanthropy that is always smoldering and may at any time break out. Elephantine tricks are difficult; in the language of good old Dr. Johnson the spectator may well wish they were impossible. Nor have they any justification. When one goes to the circus it is not to see the teacher. The only excuse for keeping a beast in captivity is that it serves to educate the public in zoology. But a trick elephant is abnormal and non-instructive; it is ten parts trainer and only one part elephant.

"Your medicine, Athlophoros, has done wonders for my wife and is helping others," writes James Cook, from Smith-ton, Mo., in ordering three dozen bottles of the great neuralgia and rheumatism cure to sell to his customers.  
When Tried Always Preferred.  
When they once become acquainted with it, ladies invariably prefer Parker's Hair Balsam to any similar preparation. It makes the hair soft and glossy, arrests its falling out, promotes a new growth, restores the original color and has no equal as a dressing. Not a dye, not oily, highly perfumed. Only 50c, at all drug stores.

There are more idle ships lying in San Francisco bay than has been the case within the memory of the oldest inhabitant.

"Hope for a season bids the world farewell," when a man finds himself in the relentless grasp of neuralgia, but he smiles and takes heart and courage when his wife brings a bottle of Salvation Oil the greatest cure on earth for pain.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take, soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Lead&wly.

The Dyspeptic's Refuge.  
"I am thirty-five years old," writes Mr. Charles H. Watts, of West Somers, Putnam county, N. Y., "and had suffered from dyspepsia for fifteen years. The current treatment did me no good. Listlessly and without hope I gave Parker's Tonic a trial. I can give the result in three words: it cured me." It will cure you.

What is more annoying than a sick stomach? Nichols' Bark and Iron is the only sure remedy. Its tonic and invigorating properties are unequalled. 28-4v

Genuine Diamonds Found in Tea and Coffee.

The Empire Mills, of New York, have opened a store in this city, in the old Mayer House, on Calhoun street, for the purpose of introducing their new brands of Tea and Coffee, which are put up in paper cans; Coffee can and contents, about 3 pounds; Tea can and contents, about 1 1/2 pounds. As an extra inducement to purchasers this company will pack in each can of Coffee and Tea a souvenir or present, running in amount from 10c to \$50, consisting of Nickel, Silver and solid Gold Watches, genuine Diamonds in solid Gold Settings and other jewelry. This company has adopted this expensive method so as to thoroughly advertise their goods in Fort Wayne and vicinity in the shortest time possible; but after thirty days this choice Tea and Coffee will be sold wholly on their merits by their agent in Fort Wayne at the same price, same quantity and same quality, but without the souvenirs, the Tea and Coffee being worth at a fair retail value more than the price asked without any regard to the souvenirs. This company is an old and well established one. It has already appointed over fifty agents in the various cities, none of whom are now selling souvenirs with their goods, yet each agent has a large and rapidly growing trade, as the superior quality of their Tea and Coffee becomes known. Prices: Single can, \$1; six cans, \$5; thirteen cans, \$10; twenty-seven cans, \$20. Send in your orders by mail accompanied by cash or post-office order and they will be forwarded to any address.

## VICTORY

Perches Proudly on the Democratic Banner.

New York and Virginia Roll Up Old Time Majorities.

While the Republican Strongholds Have Dwindled to a Decidedly Doubtful Point.

NEW YORK.

The Figures are Nearly Official. By Telegram to The Sentinel.

NEW YORK, N. Y., Nov. 4.—Complete and corrected returns from the city of Brooklyn and Kings county make Hill's majority in that county 8,697.

Very few returns from the interior of the state have been received this morning, but everything indicates that Hill's majority will be between 12,000 and 15,000. The senate and assembly will both be strongly republican.

BRIDGE PLACES, N. Y., Nov. 4.—Davenport's majority in Erie county incomplete is 2,142. The remaining districts to be heard from may increase it to 2,700. McMillan, the republican, for state senator is elected by 1,500 majority. The republicans elect three members of the assembly and the democrats two. This is a gain of one assemblyman for the republicans.

NEW YORK, Nov. 4.—The Evening Post places Hill's majority in the state at 12,158 and the state's next legislature will be composed of twenty-one republicans and eleven democrats in senate, and seventy-eight republicans and fifty democrats in the assembly.

ALBANY, N. Y., Nov. 4.—Albany city, complete, gives Davenport 9,116 and Hill 11,146.

The Evening Journal estimates that twenty republican and twelve democratic senators and seventy-four republican and fifty-two democratic and two independent assembly men are elected.

GENESSEE, N. Y., Nov. 4.—Davenport's majority in Livingston county is 521.

FRIDAY'S OPINION ON NEW YORK.

NEW YORK, Nov. 4.—The World says: "The democratic victory means that the democrats of New York are once more united. Thousands of democrats who last year were repelled by doubts of Mr. Cleveland's democracy and the republican journals that supported him, have returned to the fold. They have returned to the party almost entirely for the reason that Governor Hill was known to be a true, genuine, old-fashioned democrat, who enjoyed the opposition of the magnates and did not enjoy the favor of Cleveland. The hope of the election is that its lesson will be understood and heeded at Washington. Farewell, magnates; farewell."

The Times says the election of Hill was distinctly reactionary. The step must be admitted, but it was a step taken in consequence of the follies and blunders, worse than follies, of the leaders of the party opposing him, and not through an incurable adherence to bad political theories and methods. The triumph of the candidate of the presidential nominees in the most important state in the union will undoubtedly increase the spoils-seeking crowd.

NEW YORK, November 3.—Seventy-five out of 713 precincts in New York

City give Hill, 10,191; Davenport, 8,399; Jones, 10,072; Carr, 8,535.

In the state, outside of New York City and Kings county, ten election districts give Davenport, 18,711; Hill, 970. Same places last year gave Blaine, 21,677; Cleveland, 11,115. One hundred and twenty-five out of 712 districts in New York City give Davenport, 13,736; Hill, 18,630.

Elmira City complete gives a Democratic gain over last year of 1557.

The press association estimates that Hill will have 60,000 plurality in New York City and Kings county.

Two hundred and sixty-five districts outside of New York and Kings county, show a net Democratic gain of 1,973.

TROOPING, N. Y., November 3.—Trooping, 430; Hill 191; Bascom 17; last year Blaine 554; Cleveland 227; St. John 24.

NEW YORK, November 3.—One hundred and seventeen election districts outside of New York and Kings county, give Davenport 24,725; Hill 19,880; Bascom 1213; net Democratic gain, 1009.

ALBANY, November, 3.—Albany county estimated from meagre returns give Hill 2,000 majority, as against 746 for Cleveland last year.

The Herald bulletin says superintendent Campbell estimates Hill's majority in Kings county at 10,000.

The Herald further says if the Democratic gain in the last two hundred districts throughout the state, Hill's majority will reach 25,000.

NEW YORK, November 3.—One hundred and fifty-six election districts outside of New York and Kings county, give Davenport 32,938; Hill 26,613; Bascom 1,699; net Democratic gain of 1,510.

NEW YORK, November 3.—Five hundred and seventy-two districts and wards, including Richmond County complete, outside of New York and Kings County give Davenport 172,675;

Hill 111,874; Bascom 6,791. Last year the same districts gave Blaine 139,529; Cleveland 124,980; St. John 6,057. Democratic net gain 2,180.

NEW YORK, November 2.—The Sun bulletin says Hill is certainly elected by more than 15,000. The World bulletin says that 700 out of 712 election districts of this city, give Hill a majority of 46,791.

The Tribune estimates Hill's plurality at 10,400.

Five hundred and twelve election districts and wards outside of New York and Kings counties, show net Democratic gain of 2,982.

NEW YORK, November 3.—In an editorial headed, "The president holds his own state," the Tribune says: "The Democrats retain New York. Gov. Hill has been elected by a figure so handsome as to make the beggarly plurality which the state gave President Cleveland, almost invisible. The return of voters, whom Mr. Blaine's candidacy alienated, did not make good to the Republican party the loss this year of the voters whom that candidate attracted. In fact the gain does not seem to have equaled one-third or one-fourth of loss. The stay-at-home voters decided the matter. The vote was light. The Republicans who did not take the trouble to vote, out numbered the Democrats. A very much smaller vote than was cast for Mr. Blaine, would have been sufficient to bury Mr. Hill, but the Republicans were not aroused enough to cast such a vote."

NEW YORK, November 3.—Eight hundred and one election districts and wards outside of New York and Kings counties, give net Democratic gain of 3,594.

The World makes the following estimate of the legislature: Senate, Republicans, 18; Democrats, 15; assembly, Republicans, 70; Democrats, 58. The present senate stands: Republicans, 19; Democrats, 13; assembly, Republicans, 73; Democrats, 55.

The Sun says editorially: "The foolish pretense of the muggump organs that the success of the Democrats in this election would be inimical to Mr. Cleveland, was spurned by the Democratic voters of the state. They were too sensible to be deceived by such nonsense."

IN VIRGINIA.

RICHMOND, VA., Nov. 4.—Additional returns do not change the indications telegraphed last night as to General Lee's majority reaching 25,000 and it may go to 30,000. As to the legislature, sufficient returns have been received to show that the democrats already have sixty-two of the one hundred members of the house of delegates and twenty-three of the forty members of the senate. The republicans have sixteen members of the house and eleven senators. The counties yet to be heard from will increase the democratic membership to a two-thirds majority in both houses.

RICHMOND, VA., Nov. 4.—The returns from one half of the state shows net democratic gain of 7,358. The counties and cities to be heard from gave Blaine 3,000 majority. Later reports from Rockingham county state that the vote is very close, with indications somewhat in favor of the democrats.

PETERSBURG, November 3.—The Republicans carry the city by 600 majority. A dispatch to General Mahone says Sussex county is solid for the Republicans. The following has just been received:

RICHMOND, VA., November 3.—General Mahone

A very quiet and orderly election in Richmond. Large vote polled. About 250 of our voters left out in Jackson ward, but I think we have held our own.

JOHN S. WISE.

ALEXANDRIA, November 3.—Alexandria City gives Lee 694 majority.

Lynchburg, November 3.—This city gives Lee a majority of 380, a gain over last year of 215.

PETERSBURG, November 3.—The secretary of the Republican committee at Lynchburg telegraphs that 256 colored voters were left in line, in the third ward there, when the polls closed.

WINCHESTER, VA., November 3.—Winchester gives Lee 15 majority. A Democratic gain of 95 over presidential vote of last year.

STANTON, VA., November 3.—Stanton and the three adjoining precincts give Lee 158 majority. Republican gain of 12.

PETERSBURG, November 3.—Reports received at Democratic headquarters here indicate the election of the Democratic candidates to the legislature in Fairfax and Portsmouth districts.

RICHMOND, VA., November 3.—Returns from Virginia continue to show large Democratic gains over Cleveland's vote. Lee's majority is estimated at 15,000. The Democrats claim majority in both houses of the legislature.

ALEXANDRIA, November 3.—The Gazette says the returns from all parts of the state, show Democratic gains and indicate that Lee's majority will reach 20,000. Already five or six accretions have been made to the Democratic side of the house of delegates and no losses are reported to the chairman.

PETERSBURG, VA., November 3.—A dispatch from Norfolk to General Mahone says: "The enemy claim 300 majority. Gross miscount and two precincts were thrown out in the fourth ward."

NOPTON, VA., November 3.—Hodges, Republican, is elected by 414 majority in Portsmouth City and Norfolk county, electoral district, which was represented in the last legislature by John Calahan, anti-Mahone.

General Mahone received the following from Portsmouth, Va. The city

gone Democratic by 600 majority. Norfolk 300 Democratic. Big chance for a contest. At this hour (11 p. m.) General Mahone sums up the situation as follows: The Democrats have carried the state and legislature ticket by the unscrupulous use of the election machinery over which they have absolute control and which was provided by their last usurping legislature, with this end in view.

PETERSBURG, November 4.—The following was received at Republican headquarters at 1:30 this a. m.:

NORFOLK, VA., November 4.—Lee has 406 majority in Norfolk, by false counts and a freeze out in the fourth ward. At Republican headquarters here, General Lee's majority is estimated at 10,000 to 12,000.

RICHMOND, VA., November 3.—Returns from 329 precincts, including the City of Richmond, show net Democratic gain of 7,612. Calculating the rest of the state on the same ratio of gains, Lee's majority will approximate 23,000.

The indications at 1 a. m. are that the Democrats will have two-thirds of the senate and sixty out of the hundred members of the house of delegates. Hon. John S. Wise concedes a Democratic victory.

IN IOWA.

DES MOINES, IOWA, Nov. 4.—The definite returns from sixty-five counties and partial from all of them, make the republican majority between twelve and thirteen thousand and give republicans sixty-one members out of the hundred in the house and thirty-two of fifty senators.

DES MOINES, IOWA, Nov. 4.—The republican state committee claim the state for governor by 12,000 and twenty-four majority in the legislature on joint ballot with several districts in doubt which they will not concede to fusionists. The democratic state committee claim from private dispatches received by them that the state ticket is in doubt and if the same ratio of gains, as already indicated in their private dispatches continues, they have carried the state for Whiting. They claim to have carried the house and have a majority on the joint ballot, with the senate in doubt. Four hundred and forty precincts show a republican net gain of 1,471.

The Register has returns from two-thirds of the state. It puts the republican majority on the state ticket at 14,000. Its returns show the republicans will have fifty-six of the hundred members of the house and thirty of the fifty members of the senate.

DES MOINES, IOWA, Nov. 4.—The chairman of the democratic state committee says: "We are hopeful of carrying the state, as Whiting runs for ahead of the ticket. We have elected ten democratic senators certain, with seven in doubt, and forty members of the lower house, while the republicans have thirty-nine, with twenty-one districts in doubt."

DES MOINES, IOWA, November 3.—Heavy vote polled; everything quiet.

DES MOINES, IOWA, November 3.—One hundred and twenty-five precincts show a net Republican gain of sixty. First ten precincts show a net Republican gain of 217.

DES MOINES, IOWA, November 3.—Estimates at Republican headquarters, based on returns received up to 11:15 a. m. gives the Republican majority on state ticket, at from 17,000 to 20,000.

IN PENNSYLVANIA.

PHILADELPHIA, Pa., Nov. 4.—It can be estimated that Quay, republican, for the state treasurer has a majority of at least 25,000. All changes in figures show republican gains over the majority telegraphed last night.

PHILADELPHIA, November 3.—The entire Republican ticket is elected. Republican for state treasurer has 12,000.

PHILADELPHIA, November 3.—Estimated Republican majority in Massachusetts 25,000 and 652 districts in New York city, give Davenport, 25,000 Hill 113,821.

PHILADELPHIA, Pa., November 3.—Election day very quiet. Weather clear and cold with a gusty wind blowing. The only state office to be filled was state treasurer. Matthew Stanley Quay was the Republican and Conrad B. Day the Democratic candidate.

Barr Spangler ran on the Prohibition ticket and William D. Whitney as the Greenback labor nominee. Last year Blaine had a plurality of 81,000, and in 1883, when the last state treasurer was chosen, the Republican candidate was elected by a majority of 2,000. Comparisons may be made with the vote of 1883. The interest in Philadelphia county election centered on the contest for sheriff. Edward Rowan being the Republican and Dallas Sanders the Democratic candidate. Rowan was opposed by citizens committee of one hundred, (which has been so prominent in local politics for some years) on the ground that he was a representative of "machine" politics. Rowan in 1879 was defeated for sheriff by Wright, Democrat, by 2,264 votes, although the Hayes electors on the same day received 10,000 majority.

PITTSBURGH, November 3.—At 1 a. m. careful estimates place Quay's majority for state treasurer, in Allegheny county, at 9,000. The entire Republican county ticket is elected.

PHILADELPHIA, Pa., November 3.—It is estimated that Pennsylvania will give a Republican majority of between 25,000 and 30,000.

PHILADELPHIA, November 3.—A special to the Times from Trenton, New Jersey, says the election in this state, has resulted in a substantial victory for the Republicans. The only issue was the legislature, in both branches of which, the Democrats will be again

in a minority. The best estimates to-night, give the Republicans thirteen votes in the next senate, to nine Democrats, and in the assembly thirty-three Republicans to twenty-seven Democrats.

IN MARYLAND.

BALTIMORE, Nov. 4.—The democratic majority in this city range from 10,000 to 19,000, the highest being for the state comptroller; the lowest for sheriff. The returns from the counties continue to come in, but do not change the result indicated last night. Frederick county, the republican stronghold of the state, is conceded having elected the entire democratic ticket, as has also Anne Arundel, which was thought doubtful. The legislature will be nearly two-thirds democratic.

BALTIMORE, November 3, midnight.—The election passed off quietly and resulted in a sweeping victory for the regular Democratic ticket in this city. Returns not all in yet, as the length of the ticket necessitates a slow count. As far as heard from not a single fusionist candidate is elected. The state returns are coming very slowly, but the indications point to Democratic success in nearly all of the counties.

IN COLORADO.

DENVER, Col., Nov. 4.—The chairman of the republican committee concedes the election of the entire democratic independent county ticket by heavy majorities. No definite returns have been yet received from the interior counties.

AT DETROIT.

DETROIT, Mich., Nov. 4.—The complete vote of this city gives the following pluralities: For mayor, Chamberlain, democrat, 1,507; for clerk, Trust, republican, 1,106; for treasurer, Schmitt, democrat, 4,300; for city attorney, Sheeran, democrat, 3,885; for police justices and justices of the peace, the democratic pluralities range from 1,000 to 3,000. The upper house stands nine democrats to two republicans and the lower house is tied.

AT CHICAGO.

CHICAGO, Ill., Nov. 4.—The new election law has been adapted by a majority of from 13,000 to 14,000. Benjamin D. Magruder, a non-partisan candidate for a vacancy on the supreme bench received nearly all the votes cast. Gwynn (republican), a republican candidate for judge of the supreme court has about 5,000 majority over Hynes, a democrat. Two republican and two democratic county commissioners were elected.

IN MASSACHUSETTS.

BOSTON, November 3.—Ten scattering towns in this state show net Democratic gain over 183 of 150.

Twenty cities and towns in Massachusetts, outside of Boston, give net Democratic gain of 205.

Fifty cities and towns in Massachusetts, outside of Boston, give a net Democratic gain of 210.

BOSTON, November 3.—The following is the total vote of Boston for governor: Prices, 22,902; Robinson, 18,486; Sumner, 238.

The Journal (Republican) claims that Governor Robinson is re-elected by a plurality of 25,000.

BOSTON, November 3.—Returns from all but about eight towns give the result: Robinson (Republican) 100,162; Prince (Democratic) 52,351; Lathrop (Prohibitionist) 4,031; Sumner (Greenbacker) 2,070. The returns indicate the election of 25 Republican and 11 Democratic senators, being a Democratic gain of 6 over last year; the house will probably stand 157 Republicans to 72 Democrats and 6 Independents, making slight Democratic gain in the house.

IN CONNECTICUT.

HARTFORD, Conn., November 3.—Returns from fifty towns in the state elect 37 Republicans and 39 Democrats members of the legislature, a Democratic gain of six over last year, when the Republicans had 71 majority in the house.

HARTFORD, Conn., November 3.—With four towns to hear from, the lower house of the legislature will have seventeen Republican majority.

MISSISSIPPI.

JACKSON, Miss., November 3.—The election passed off quietly. A light vote was polled. No opposition to the regular Democratic ticket.

NEBRASKA.

LINCOLN, NEB., November 3.—Estimated Republican majority in the state is 11,800.

THE TEAS ARE BETTER.

BY CABLE TO THE SENTINEL.

WESTMINSTER, Nov. 4.—United States Consul Patton, at Osaka and Hago, Japan, reports to the department, that the quality of tea exported to the United States during the present season is much superior to those of any former season and prices have correspondingly advanced. The improvement, Mr. Patton says, is due in large measure to the efforts of the central government of Japan to prevent the adulteration of tea.

DROWNED.

ATLANTA, Ga., Nov. 4.—John Hallen, manager of the Southern Telegraph company, of this place, was drowned yesterday while bathing.

AN ELECTION CATASTROPHE.

NEW YORK, Nov. 4.—A special from Utica says that while the vote was being counted in the House station house last night, the place took fire and two persons lost their lives.

WASHINGTON.  
Fourth Auditor's Report.  
By Telegram to The Bureau.  
WASHINGTON, D. C., November 3.—  
The report of the fourth auditor of  
the treasury for the fiscal year ended  
June 30 last, shows a total expendi-  
ture of account of \$17,154,999 and  
also there was expended \$233,768  
in excess of the appropriations. There  
was an unexpended balance of \$382-  
723 on certain other appropriations.

**LOSS OF A BARQUE.**  
Information has reached the depart-  
ment of state of the loss on September  
11, of the American barque, Casmere,  
of Boston, near Van Diemen's straits,  
Japan. Fifteen of the crew launched  
out a boat for safety, the captain and  
two officers were drowned, and five of  
the crew remained on the wreck and  
their fate is uncertain.  
Special dispatches to the Post from  
Democratic county chairmen in six-  
teen out of 113 towns and cities of Vir-  
ginia, show Democratic gains of  
more than 2,000 over the presidential  
vote.

**BEAT OUT OF \$500,000.**  
Sensational Suit Against A Distiller.  
By Telegram to The Bureau.  
LOUISVILLE, Ky., November 3.—A  
sensational suit, charging wholesale  
fraud against Richard Monarch, a well  
known distiller and property owner  
of Owensboro, was filed in the  
United States court this afternoon.  
The style of the suit is "Simon J. Fla-  
nagan and wife, Virginia Magale, Jas.  
I. Magale and Lillian Magale, vs.  
Richard Monarch, Jno. Callaghan and  
the Davies county distillery com-  
pany," and the petition in the  
suit states that plaintiffs entered into  
partnership with Monarch at two dif-  
ferent times and that Monarch by  
transferring the deeds of the old firm to  
the new one and crediting himself per-  
sonally therefor, defrauded the mem-  
bers of the original firm to the extent  
of a large sum. The case is very com-  
plicated, numerous fraudulent proceed-  
ings against the firm, being charged.  
The whole amount said to have been  
obtained by Monarch, is upwards of  
\$500,000.

**Foreign News.**  
By Cable to The Bureau.  
RANGOON, November 3.—Advice  
from Mandalay, the capital of Burmah,  
state the queen of Burmah, who ex-  
ercises great influence over her husband,  
is enroute and her majesty declares  
that fighting and the smell of gun-  
powder will be injurious to her health.  
She advises King Thebaw to tempo-  
rarily submit to the demands of the  
British government and fight after her  
confinement, as it is very important  
that there shall be an heir to the Bur-  
mese throne. England has no suit-  
able candidate for succession, both of  
the present claimants being very un-  
acceptable owing to their profligate  
habits. It is believed therefore that  
the government of Burmah will answer  
the ultimatum of the Indian govern-  
ment in an evasive manner, in order  
to secure time for the accomplishment  
of her majesty.

**CATARH.**  
Is a very prevalent and exceedingly dis-  
agreeable disease, liable, if neglected,  
to develop into serious consumption, be-  
ing a constitutional disease, it requires a  
constitutional remedy like Hood's Sarsa-  
parilla, which acting through the blood  
reaches every part of the system, effect-  
ing a radical and permanent cure of  
catarrh in even its most severe form.  
Made only by C. I. Hood & Co., Low-  
ell, Mass.

Times-Star and Free Press, of this  
city, for publications, October 22d, im-  
plicating him in the election fraud at-  
tempted in Columbus.

BISMARCK, DAK., November 3.—It is  
reported that a severe conflict is likely  
to occur this week between cattlemen  
and Indian hunters, in the Bad Lands  
of the Little Missouri. The Indians are  
accused of starting fires which destroyed  
a part of the cattle ranges.

LOUISVILLE, November 3.—Miss  
Katie Folb, a popular young lady, was  
fatally burned to-night, while kneeling  
before a grate saying her prayers,  
when her clothing caught fire.

COLUMBUS, Ohio, November 3.—In  
the supreme court to-day, a motion  
for a re-hearing and re-argument in the  
Scott law refunding cases, brought  
from Cleveland, was overruled.

CHICAGO, ILL., November 3.—Ward  
& Gaesslein, hide dealers, have made  
an assignment to William D. Smith.  
Liabilities about \$50,000; secured by  
lions on collateral.

PITTSBURGH, ILL., November 3.—  
Gano & Shriver, one of the largest  
dry goods firms in the county, have  
assigned to Thomas Worthington, Jr.,  
and George F. Shriver, estimated as-  
sets, \$40,000 to \$50,000. Liabilities  
\$30,000 to \$45,000.

CINCINNATI, November 3. An ef-  
fort is to be made to test the constitu-  
tionality of the registry law, passed  
by the legislature. A. H. Baghee, who  
had not registered, voted in a precinct  
of the fifth ward. The judges of  
election in that precinct, were ar-  
rested to-day for receiving the vote and  
it is understood a habeas corpus pro-  
ceeding before the supreme court, will  
be brought to test the law.

MONTREAL, November 3.—A firm  
of cigar manufacturers in this city, are  
importing three hundred skilled opera-  
tives from Germany.

NEW YORK, November 2. The storm  
yesterday and Sunday, along the At-  
lantic coast was widespread and dis-  
astrous. The schooner Sophia Krans  
was struck by a heavy sea off Barnegat,  
N. J. and four of the crew washed  
overboard. Tender, Cook, and Cooper-  
men, were lost.

NEW YORK, November 3.—The  
Tribune to-day published, in fac simile  
an agreement, signed by the president  
and secretary of the typographical  
union, No. 1, undertaking to with-  
draw the boycott, which that body has  
been exercising toward the Tribune.  
Afterward the union repudiated this  
action.

ROCKFORD, Illinois, November 3.—  
Judge Eustace has overruled the  
motion to amend the injunction in the  
falsena railway suits and dissolved the  
injunction. This allows the new  
Chicago, Burlington & Northern to  
build its line as proposed at falsena,  
without further hindrance and de-  
feats the attempt of the North Western  
to stop it.

SAN FRANCISCO, CAL., November 3.—  
Another large land suit on an old Mex-  
ican grant is about to be brought be-  
fore the United States court. The suit  
will involve the title to a large slice in  
this city, and county, valued at not less  
than \$10,000,000. The claimant is  
John K. Moore, who claims to have  
bought it from a Mexican, who held  
the title from the Mexican government.

THE huge performing elephant, Em-  
press, lately killed a watchman in the  
winter quarters of Forepaugh's circus  
in Philadelphia, completing, so far, a  
tally of three men killed and more than  
a dozen men and women wounded.  
Commenting upon which the Brooklyn  
Eagle calls attention to two facts. Em-  
press, with this record of victims, was a  
performing elephant; Jumbo, whose  
docility and very good nature was a  
proverb, so far as American experience  
of him went, was not. These facts en-  
tirely coincide with the scientific fact  
that the elephantine brain, which is  
practically non-convoluted, is not  
adapted to the comprehension of the  
sort of tricks exhibited in the circus.  
This again is proved by the extraor-  
dinary difficulty experienced in educat-  
ing an animal noted for its almost hu-  
man intelligence in some directions  
above a line of conduct wholly foreign  
to its nature. It is an established fact  
that in such directions as road build-  
ing, engineering, and even attack and  
defense the elephant's sagacity shows  
itself spontaneously; on the other hand,  
in the range of circus tricks only the  
most atrocious cruelty can succeed in  
teaching the animal. Perfect education  
is continuously practiced; the  
whole nervous system is deranged and  
a memory of the wrongs endured and  
sufferings inflicted may well tend to  
establish a misanthropy that is always  
showing and may at any time break  
out. Elephantine tricks are difficult;  
in the language of good old Dr. John-  
son the spectator may well wish they  
were impossible. Nor have they any  
justification. When one goes to the  
circus it is not to see the teacher. The  
only excuse for keeping a beast in cap-  
tivity is that it serves to educate the  
public in zoology. But a trick elephant  
is abnormal and non-instructive; it is  
a parts trainer and only one part  
elephant.

Your medicine, Athlophore, has  
done wonders for my wife and is helping  
others," writes James Cook, from Smith-  
ton, Mo., in ordering three dozen bottles  
of the great rheumalgia and rheumatism  
cure to sell to his customers.

When they once become acquainted  
with it, ladies invariably prefer Parker's  
Hair Balsam to any similar preparation.  
It makes the hair soft and glossy, ar-  
rests its falling out, promotes a new  
growth, restores the original color and  
has no equal as a dressing. Not a dye,  
not only, but highly perfumed. Only 50c, at  
druggists.

There are more idle ships lying in  
San Francisco bay than has been the  
case within the memory of the oldest in-  
habitant.

"Hope for a season bids the world  
farwell," when a man finds himself in  
the relentless grasp of neuralgia, but he  
smiles and takes heart and courage when  
his wife brings a bottle of Salvation Oil  
the greatest cure on earth for pain.

**ADVICE TO MOTHERS.**—Mrs. Winslow's  
Soothing Syrup should always be used  
when children are cutting teeth. It re-  
lieves the little sufferers at once; it pro-  
duces natural, quiet sleep by relieving  
the child from pain, and the little cherub  
awakes as "bright as a button." It is  
very pleasant to taste. It soothes the  
child, softens the gums, allays a ill pain  
relieves wind, regulates the bowels, and  
is the best known remedy for diarrhoea,  
whether arising from teething or other  
causes. Twenty-five cents a bottle,  
10c a small bottle.

**The Hypocrite's Refuge.**  
"I am thirty-five years old," writes  
Mr. Charles H. Watts, of East Somers,  
Putnam county, N. Y., "and had suf-  
fered from dyspepsia for fifteen years.  
The current treatment did me no good.  
Listlessly and without hope I gave Par-  
ker's Tonic a trial. I can give the re-  
sult in three words: it cured me." It  
will cure you.

What is more annoying than a sick  
stomach? Nichols' Bark and Iron is the  
only sure remedy. Its tonic and invigor-  
ating properties are unequalled. 25-cw

**NOTICE.**  
You and each of you are hereby notified  
that the City Commissioners filed in my of-  
fice on the 24th day of October, last, their re-  
port describing the property to be appropri-  
ated, with the name of the owner and a  
description of all real estate to be damaged, as  
well as the name of the owner and a descrip-  
tion of the real estate beneficially affected,  
with the name of owner in the matter of  
the widening of Brackenridge street from  
Medison street to Fairfield avenue, in  
and city of Fort Wayne, Indiana; and they  
have likewise filed a notice with me  
that they will meet at the City Hall of said  
city on the 15th day of December, 1885, to es-  
timate the injuries and benefits to the property  
sought to be appropriated, and estimate the  
benefits and damages to all real estate injuri-  
ously or beneficially affected by such widen-  
ing of Brackenridge street.

Now, then, you and each of you are shown  
by said report to be beneficially affected by  
said contemplated improvement; and you,  
Charles A. Taylor and Henry Horstheuer,  
are shown by said report to be damaged by  
reason of the appropriation of your property  
and real estate by such contemplated im-  
provement. Said widening of Brackenridge  
street is to be from Medison street to Fair-  
field avenue, and by the appropriation of a  
strip of land twenty-seven (27) feet in width  
of the north end of lot five (5), Ewing's out-  
lot, in Section eleven (11), Township thirty,  
2nd Range twelve (12), east, owned by Char-  
lotte A. Taylor. Now then, if you or any of  
you desire to be heard on said day, the Com-  
missioners will hear and determine all mat-  
ters concerning the widening of said street,  
and hear evidence and examine witnesses in  
relation thereto.
